CLIENT STORY

» ANTA Sports Products Limited (2020.HK) «

As interest to attach Mainland Chinese shareholders continues to rise, EQS created a **Quick Report** for ANTA Sports using HTML 5 technology, which includes non-Flash interactive animations and could be viewed optimally on mobile devices. The format is especially compatible with WeChat, the most popular social media channel in Mainland China. In addition, ANTA Sports also entrusts EQS to maintain its **Investor Relations Website** and to conduct semi-annual **Live Video Webcasts**. By providing updates through various multimedia medium and channels, the audience reach can be further maximized.
